TAPING

The pallet wrapper CST 915 can be easily integrated into an existing or new line. This film wrapper ensures that the total costs in your production line will decrease by using film with a high pre-stretch percentage.

The CST 915 is a maintenance-friendly machine, it can wrap up to 15 pallets per hour and the film is easy to replace with the fast-loading system.

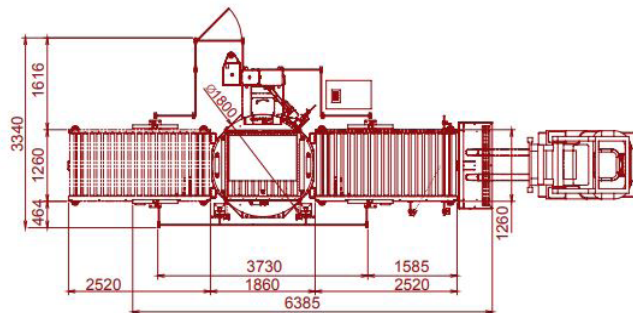

Advantages

- Compact machine with limited installation dimensions
- Pre-stretch 150% - 200% - 250%
- Processes up to 15 pallets per hour
- Wrapping speed 12 rpm
- Very accessible film trolley
- Ability to stack on the machine
- Standard equipped with conveyor in the machine
- Equipped with print control

Options

- For loads up to 3700 mm high
- Pressure plate
- Seal unit
- Roping system
- Control with a remote control
- Control via Siemens PLC

Technical data:	
Total power installed	2,5 kW
Standard power supply	230/400 V - 50 Hz - 1/3 PH+N+G
Protection on electric system	IP 54
Max. pallet dimensions	1000 x 1200 mm
Standard pallet height	2500 mm
Max. pallet weight	1500 kg
Standard diameter	Ø 1800 mm
Transport height	190 - 200 mm
Max. rotation speed	12 rpm
Capacity per hour	Up to 15 pallets / hour
Operating pressure	6 Bar
