**New and innovative dispenser with automatic detection of box dimensions.
For high volume carton sealing operations.**

✓ **Time & money saving:**

Hand free dispenser: sensors to detect automatically box dimensions and foot pedal to dispense the correct length of tape needed. Reduces material waste and improves worker efficiency of 20%

✓ **Highly reliable:**

- Autodiagnosis for error tape reading, tape jam and motor overload
- Most silent dispenser on the market
- Temperature of top heater adjustable
- Cuts all types of gummed paper tape, standard or reinforced
- Brush made for a perfect moistening
- Distance between the 2 sensors: min 50 cm , max 200 cm

✓ **Highly durable:**

- Robust frame with varnished steel sides, burnished and zinc plated parts against corrosion. Low damage on motor's components.
- Made in Italy, low maintenance. Efficient and complete after-sales service from Italy

✓ **Secure**

- Energy saving: only 24 V , Power cut-off after more than 30 mins. after machine is not in use
- Secure cutting mechanism
- Plastic valve with inox sphere on reservoir to prevent water leakage

TECHNICAL FEATURES

Machine dimensions	mm 450 x 290 x H250
Weight	Kg. 12 ca.
Operating Voltage Europe	230 V, 50 Hz, 1 Ph.
Operating Voltage USA	115 V, 60 Hz, 1 Ph
All DC running: motor, top heater and control circuits	24 Volts
Gummed paper rolls	Ø ext. mm 200 max. - Width mm. 20 a 100 Length mm.100 a 1100 max.
Top heater unit and foot pedal included	

WHY CHOOSE GUMMED PAPER TO CLOSE CARDBOARD BOXES?

✓ **Security:** it is tamper evident, the glue on gummed paper penetrates and bonds completely with the cardboard. Gummed paper cannot be removed without damaging the boxes, thus proving the theft. Reinforces carton strength when closing box in "H"

✓ **Environment friendly:** it is natural and completely recyclable, Gummed paper is made of paper (100% cellulose) and glue (potato or corn starch)

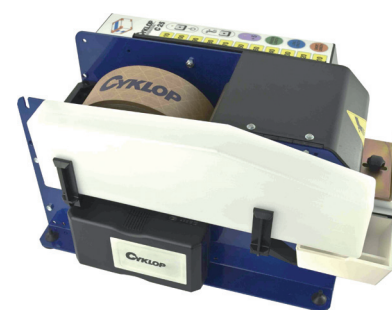

✓ **Resistance to extreme temperatures:** a cardboard box closed with gummed paper tape stays closed even in case of extreme cold or hot temperature and is therefore ideal for frozen food or bakery food.

✓ **Packaging savings:** a single strip of gummed paper is enough for a perfect sealing of your boxes, gummed paper allows you to reduce the consumption of tape avoiding its waste.

OPTION

• **LAPOMAGIC Battery**

With battery to move it around easily. Battery 35 W/h, lasts for over 6000 cuts of paper.

Lapomagic battery

• **Modbus communication syst.**
(to connect dispenser to a computer)

• **Possible customization of the machine**
